

"One, one, one
Secret..
The monster knows
We are the swamp
We are the monsters
We are not visible
Why?"

I know a secret

A dance performance created together with children

The darkness lowers over the swamp, the fog tightens to the sound of the crocodile's hiccups. Two lost adventurers explore their surroundings. Are they alone ...?

I KNOW A SECRET! is an imaginative performance where a school class from Västra skolan in Jokkmokk has inspired professional artists in the creation of a mysterious journey, do you dare to follow?
